Olumide E. Adeola

Cybersecurity Analyst / Ethical Hacker   emmanueladeola990@gmail.com   www.chasfatprojects.netlify.app

SUMMARY

Dedicated Ethical Hacker and Cybersecurity Educator with a strong foundation in penetration testing and security best practices. Proficient in using tools like Kali Linux, Nmap, and Metasploit to identify and mitigate vulnerabilities in various systems. Passionate about educating individuals and organizations on cybersecurity awareness, promoting safe online practices, and fostering a culture of security. Committed to continuous learning and staying updated on emerging threats and technologies in the cybersecurity landscape.

EXPERIENCE

Cybersecurity Analyst & Penetration Tester| Chasfat Projects | Nigeria | Jan 2022 - Present

- Vulnerability Assessment: Identified and mitigated security vulnerabilities, including SQL injection and cross-site scripting, to enhance application security and protect sensitive data.

- Scripting and Automation: Created and optimized scripts using command line and Linux tools to automate security assessments and streamline incident monitoring processes.

- Security Reporting: Delivered detailed reports on security findings and recommendations, supporting risk management decisions and improving overall security posture.

- Continuous Learning: Actively pursuing education in cybersecurity tools and techniques, focusing on ethical hacking, penetration testing, and emerging threats.

VOLUNTEERING

Volunteer | Cybersecurity Awareness Advocate

- Demonstrated cybersecurity best practices to individuals and small groups, educating them on topics such as phishing, password security, and safe browsing habits.

- Provided tailored guidance on using basic security tools and techniques, helping participants understand how to protect themselves online.

- Developed and shared educational resources to raise awareness about cybersecurity threats and promote safer online behaviors within the community.

EDUCATION

Bachelor of Science in Microbiology | Obafemi Awolowo University| 2017-2021

- Relevant Coursework: Genetics, Python Programming, Mathematics, Research

LANGUAGES

English (Fluent) Yoruba (Native) French (Basic) Arabic (Basic)

STRENGTHS

- Strong analytical and problem-solving skills with a detail-oriented approach.
- Effective communicator with the ability to collaborate with diverse teams.
- Quick learner, adaptable to evolving technologies and methodologies.

SKILLS

Operating Systems: Kali Linux, Windows, Linux

Programming and Scripting: Python, Bash

Penetration Testing Tools: Nmap, Metasploit, Burp Suite, Wireshark

Web Application Security: OWASP Top Ten, SQL Injection, Cross-Site Scripting (XSS)

Network Security: Firewalls, VPNs, IDS/IPS

Version Control: Git

Security Best Practices: Vulnerability assessment, threat modeling, incident response

CERTIFICATIONS

Hacking Advanced Certification Course | Programming Hub | 2024

Ethical Hacking Certification Course | Programming Hub | 2024

Introduction to Cybersecurity Tools and Cyber Attacks | IBM | 2023

Certified Ethical Hacker (CEH) | Hacker-X | 2023

Java | Sololearn | 2022

PASSIONS

Passionate about protecting digital assets and enhancing security protocols to safeguard organizations against evolving cyber threats. Enthusiastic about educating others on cybersecurity best practices and contributing to open-source security projects to promote a safer online environment. Committed to continuous learning in emerging technologies and methodologies within the cybersecurity landscape.
